

## Inclusive Literature Lists

The Billings Public Library supports and values and celebrates diversity and inclusion. We strive to curate a collection of resources that represents all demographics in our community's tapestry. We believe an inclusive and welcoming community is a stronger community.

This list of inclusive and diverse literature that the youth of our community can see themselves in as well as use as a conduit to build compassion for others is brought to you on behalf of collaboration between the Human Relations Commission of the City of Billings, the Billings Public Library, and a children's literature assistant professor from Montana State University Billings.

This list is not intended to be exhaustive. We welcome your feedback, suggestions, and any recommendations for this list. We will take these into consideration as we continue to develop these lists.
